In **2005** Ljubljana hosted the  
**37th International Danube  
Symposium For Neurological  
Sciences And Continuing Education.**

A decade is over.

The Symposium and ourselves, we all are all ten years wiser and older. What about neurology? Understanding of pathological mechanisms, diagnostic skills, management possibilities and ethical (self)questioning - where are we now, ten years later?

To find answers, or to be left with questions, to reinforce your neuro-optimism or justify a neuro-pessimism, may I warmly invite you to
